

PERMIT APPLICATION: NRS #05-296

APPLICANT: Jerry Hamlin, Chairman
Ashland City Port Authority
110 Frey Street
Ashland City, TN 37015
(615) 792-4252

LOCATION: Project is located AT Cumberland River Mile 158.0, right bank and Marks Creek 0.5, Cheatham Lake, Ashland City, Cheatham County.

WATERSHED DESCRIPTION: Surrounding land use is mesic woods, riparian and backwater habitat and the Cumberland River.

PROJECT DESCRIPTION: The applicant proposes to construct an access channel across Marks Creek to connect the Cumberland River to a 9.2 acre basin for the development of the Harpeth Shoals Marina. The access channel will be approximately 200- feet from top of bank to top of bank and excavated to an elevation of 370.0' which is 15-feet below the Normal Summer Pool (NSP) elevation of 385.0'

Compensation for any loss of resource values associated with the access channel will be provided as follows:

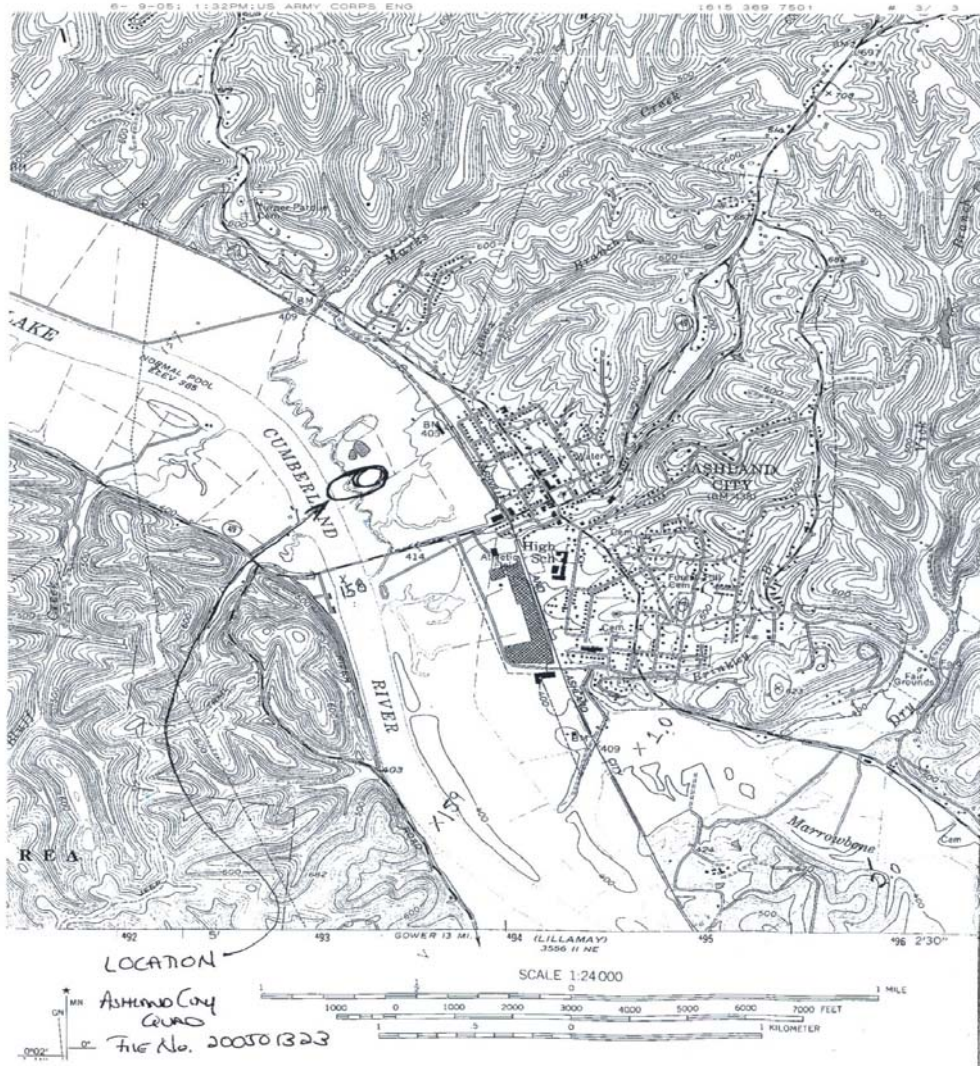

1. Adoption of the Cumberland River Clean Marina Handbook
2. Revisions to construction plans based on comments received from Corps of Engineers Public Notice #05-110 such as the removal of the pipe and filling and relocation of Marks Creek.
3. A trash and debris removal on Marks Creek in addition to the replanting of trees that are lost as a result of construction of the access channel.
4. Bank stabilization activities within the basin, channel and Cumberland River.

In accordance with the Tennessee Antidegradation Statement (Rule 1200-4-3-.06), the division has determined that the proposed activity will not result in degradation to water quality.
